Just a matter of time until there is a class action lawsuit that will bankrupt the city. Everybody, keep taking photos and documenting this CLUSTERF**K. We will add this to our growing mountain of evidence how CD4 has COMPLETELY FAILED. Nobody should have to live this way. Shame on all of you.

Happy Holidays.

Just so the folks on this email know, I have been in contact with Heather since 11AM and we have dispatched folks to the hot spots she identified and are on our way to make sure.

LAFD, LAPD, DOT and Rangers have all been traveling to various hot spots throughout the day. Thank you for being responsive on Christmas.

I hope folks are about to enjoy a great meal with family.

Joseph, Sarah-

Spot checks don't work, we all know that the vast majority of violations are fleeting. It will only take one cigarette butt to ruin our neighborhood, and there were at least 3 smokers on my street today, with no uniforms of any kind in sight.

Additionally, how many times to we have to remind all of you that our neighborhood absolutely cannot handle the mass volumes of cars and pedestrians?! This is a residential area that was never designed to be a tourist destination. Clearly this is not working. What ever happened to directing traffic to the observatory?

I would also like to know what kind of traffic studies/ car count/ parking studies have been done, to ascertain the number of vehicles that our neighborhood can safely accommodate. What I saw today was completely unsafe. Bumper to bumper traffic; cars stopped in the red; tour vans doing 3-point turns in the middle of the road and blocking traffic on both sides; cars illegally parked in the middle of the road or in private driveways. See attached photos.

Whatever **alleged** "extra enforcement" that was dispatched today was grossly ineffective. "Enjoying a meal with the family"? As if I would ever invite anybody to come up here over the holidays. I would never subject my loved ones to this madness. It is also hard to enjoy the holidays when I keep fearing that our house will burn down.
